

TEAR ALONG HERE

March 2007

# LXF DVD90

4GB dual-booting DVD including...

FOR X86 MACHINES

# Knoppix 5.1.1

Take Linux on the road with one of the world's most popular Live distros!

- » Runs straight from the DVD
- » Can be installed to hard drive
- » Fantastic 3D desktop effects
- » Improved NTFS support

## Fedora Core 6 Live

Try the latest software – and show friends and colleagues the power of Linux

## Inkscape projects

Go from beginner to graphics guru with 45 pages of tutorials from the magazine

## Plus...

- NetBSD 3.1 and OpenBSD 4.0:** Full OSes
- OpenOffice.org 2.1:** Better Base and Calc
- SoftMaker 2006 demo:** Office suite trial
- P2P:** Test the very best BitTorrent clients
- Games:** Excellent mind stretchers and fun

## Using your LXF DVD: Initial steps

- 1 Insert the DVD-ROM into your drive and open the index.html file to browse through the software.
- 2 Click on the links in the left-hand side of the browser window to access software categories.
- 3 Programs are provided in source code as well as binary packages wherever possible.

TEAR ALONG HERE

Cut out the larger box for a DVD case, or the inside box for a CD case

**This is a Future Technology DVD-ROM** This disc has been thoroughly scanned and tested at all stages of production, but – as with all new software – we still recommend you run a virus checker before use. We also recommend that you have an up-to-date backup of your hard drive at all times. Unfortunately, Future Publishing Ltd cannot accept responsibility for any disruption, damage and/or loss to your data or computer system that may occur while using this DVD, the programs and data on it. Consult your network administrator before installing any software on a networked PC (or Linux box).

**Defective discs** In the unlikely event of your disc being defective please email our support team ([support@futurenet.co.uk](mailto:support@futurenet.co.uk)) for assistance. If you would prefer to talk to a member of our reader support team please call +44 (0)1225 822743.

**Software problems** If you have a query about using your disc's interface or content, please visit our reader support website located at [www.futurenet.co.uk/support](http://www.futurenet.co.uk/support), where you can find solutions to many common problems. If you are still experiencing difficulties, you can email our reader support team at [support@futurenet.co.uk](mailto:support@futurenet.co.uk) for further assistance. If you do not have internet access please call +44 (0)1225 442244 between 9:30 am and 5:30 pm UK time, Monday to Friday. Please note that we can only provide basic advice on using the interface and installing software from the disc. Unfortunately we can't give in-depth help on the applications, or on your hardware or operating system. We are unable to support beta software.
